2. Income:

Income 2021: \$ 398.60 (American dollars)

Our income comes from donations from the board members for website maintenance.

3. Report of Activities: Achievements & Performance

The BS Perú main focus was to establish a network to work with different institutions, to be known. Also our main objective was to establish working groups throughout the country.

3.1 - Law, policy development and implementation:

- a) Process of legal registration of the committee as an association according to Peruvian regulations, which will allow donations, volunteers and other activities.
- b) The BS-Peru was part of the process of the development of the law that declares of national interest the recovery of the historic centre of Lima, approved by the Peruvian Congress and waiting to be publish by the executive branch of Perú (https://leyes.congreso.gob.pe/Documentos/2016_2021/Dictámenes/Proyectos_de_Ley/04108DC05MAY20201127.pdf).
- c) Web page implementation (www.blueshield.pe)
- d) Creation of the South Branch of the BS-Perú, with the centre in Arequipa

3.2 - Education, training, and capacity building:

- a) We keep training with volunteers in the Historic Center of Lima and Arequipa.
- b) Activities with school children, future heritage protectors in the city of Lima.
- c) Training talks with firefighters in the Historic Center of Lima

3.3 - Proactive protection and risk preparedness:

- a) The placement of the Blue Shield in the Basilica of Maria Auxiliadora in the Historic Center of Lima for his bicentennial celebration.
- b) The placement of the Blue Shield in the Rosselló house located in the Historic Center of Barranco - Lima.
- c) The placement of the Blue Shield in the Pflücker de Gatti house located in the Historic Center of Lambayeque.
- d) The recovery of the Plaza de San Francisco as a public space.

3.4 - Emergency response in disaster, domestic emergencies, and armed conflict:

- a) We work with various groups of civil volunteers for the protection of sculptures, public ornaments and cultural heritage.

3.5 - Stabilisation, post-disaster recovery, and long-term/ongoing support:

Support of the Shoring program for cultural heritage in high risk implemented by the Metropolitan Municipality of Lima.

3.6 - Co-ordination (of Blue Shield and with other relevant organisations):

- a) Work with the risk team of the municipality of Lima
- b) Risk prevention talks with firefighters from the Historic Center of Lima

4. Main issues faced:

Our main focus was to be known to other institutions so we could work together, and to give information so that we have a solid ground still in process over these two years of creation.

5. Future goals

- Organize a training and educational workshop with institutions.
- Coordination with more municipalities in Peru with HC.
- Working in the response protocol for cultural heritage with other organizations
- Promoting the 1954 Hague Convention and both Protocols.
