

DEPLOYMENT

The execution phase of TRJA19 is carried out in Balears (Spain), where the HQ NRDC-ESP will deploy its Command Post as JTF Headquarters and its associated JLSG in San Isidro Military Base in Mahón (Menorca island).

Through this exercise, the HQ NRDC-ESP will have to demonstrate its deployability and command and control capabilities as JTF HQ, while the JLSG HQ will, in addition, demonstrate its capability to conduct multi-national theatre level logistics support.

COMMANDER'S WELCOME

As Commander of the Headquarters NATO Rapid Deployable Corps-Spain I am pleased to welcome you to the Exercise TRIDENT JACKAL 19. TRJA19 is the most important exercise of the HQ NRDC-ESP this year, as it represents the end of our process to become a NATO Force Structure Joint Task Force Headquarters (JTF HQ).

The aim of this exercise is to evaluate our ability to lead a multi-national Allied Joint Task Force with army, navy, air force and special operations elements as part of a Small Joint Operation (Land Heavy) assigned by NATO to operate in a designated area of operations. Once the HQ NRDC-ESP is certified as a Joint Task Force Headquarters, we will start a one year stand by period (JHQ 2020).

I wish to express my gratitude to all personnel, units and institutions who, through their dedication and professionalism, have made possible our ramping training up to our certification. The effort, commitment and contribution of each and every participant have set the conditions to reach this exercise with the highest level of preparation thus enabling us to be certified as JTF HQ.

LTG Francisco José Gan Pampols

GENERAL INFORMATION

TRIDENT JACKAL 19 (TRJA 19) is a Headquarters Supreme Allied Commander Transformation (HQ SACT) sponsored, operational-level exercise that will train, evaluate and support the certification of HQ NRDC-ESP as a Joint Task Force Headquarters in planning and conducting a Non-Article 5, Small Joint Operation with limited complexity, against insurgents contesting NATO mainly in the Land and Cyber Domains.

LEVEL	Two-level - Operational for JTF HQ Tactical for JLSG HQ
FORM	Computer Assisted Exercise (CAX)
TYPE	Command Post Exercise (CPX)

— Operational Control

 - - - Supported and Supporting Inter-relationship

SCENARIO

The Training Audience (TA) will be exercised in critical tasks within an Allied Operation, under a fictitious scenario setting that will reflect an early phase of the operation (deployment of JTF HQ and JLSG (Joint Logistic Support Group) to the crisis area), in order to achieve their respective Training Objectives (TOs).

Non Article 5 Crisis Response Operation
Small Joint Operation (L)
Scenario - SKOLKAN 2

«...TO TRAIN AS WE WOULD FIGHT, NATO FORCES MUST BE IMMERSSED IN A SYNTHETIC WORLD THAT PROVIDES THEM WITH REAL-WORLD COMPLEXITIES AND CHALLENGES.»

An Exercise Control (EXCON) is established within the Joint Warfare Center facilities in Norway, except some elements in Spain, to set the necessary conditions for the Training Audience to reach the Training Objectives.
